About me

I am a friendly, energetic and curious MSc in Computer Science and Engineering that gets energy from momentum and accomplishment. My work style and lifestyle are both characterized by constructing a vision and acting on it as soon as I can.

Competencies: Problem solving; quick thinking; teamwork; planning and organizing; adaptability; independence; strong-willed; self-confident

Interests: Game industry news; fun facts; weight training; photography

Experience

2019 - 2020

Augmented Reality Engineering Intern

İsamhoud creative tech 40 hours a week

- Worked on an app for Albert Heijn: The AH Voetbal app.
- The company was interested in visualizing information in augmented reality.
- I supported the technical realization while conducting my own research on the side.
- The app was received well and won the Grand SpinAward.

2018 - Present

Co-founder, Guest Relations & Website Coordinator

Dutch Game Marathon 4 - 8 hours a week

- Me and a friends set up a multi-day gaming marathon.
- We started a foundation and cooperated with lots of popular Dutch influencers, companies and developers.
- We raised €6.747,88 for Alzheimer Nederland in 2019.
- Our team expanded in 2020 and we raised €8.670,00 for Hartstichting.

2017 - 2018

Chairman

Stukafest Eindhoven 4 - 8 hours a week

- At Stukafest, student rooms across The Netherlands are transformed into mini stages with various cultural acts.
- The 2018 edition of Stukafest Eindhoven nearly did not happen, until me and five others stepped in.
- We organized a successful event with nine acts, with a party, with about 200 visitors while also turning a profit.

2016 - 2017

Chairman & Website Commissioner

Wervingsdagen 30 - 50 hours a week

- Wervingsdagen organizes the career events of Eindhoven University of Technology: the Skill Sessions, the Career Expo and the Interviewing Days.
- With a budget of over €200.000,- we organize the largest technical career events of The Netherlands.
- Over 5000 attending students during our board year.

2016 - 2017

Freelance Software Developer

C&N Software Engineering 5 - 10 hours a week

- Started a company with a friend to perform various tasks such as web / software development and general IT help.
- After a year, we decided to end our business in order to focus on our study.

2012 - Present

Brand Ambassador & Team Leader

The Oval Office 2 - 5 weekends per year

- The Oval Office is a communication agency that creates brand activations. I have consistently been part of the Nintendo team since the 2012.
- I guide and coach the team members and occasionally need to make decisions.
